Cancer Consultation & Treatment Unit, NIA Jaipur

Theme: Integrated Approach in Diagnosis & Management of Breast Cancer

Venue

NATIONAL INSTITUTE OF AYURVEDA

Deemed to be University (De Novo)

Ministry of AYUSH, Govt. of India

Amer Road Jaipur-302002

About the Institution

Introduction: National Institute of Ayurveda, Deemed to be University (De-novo) is an apex autonomous Institute under the aegis of Ministry of AYUSH, Government of India. NIA is the first Central Government funded Institute to be declared as Deemed to be University in the field of Ayush. NIA is an apex Institute under the Department of AYUSH for promoting the growth and development of Ayurveda as a model Institute for evolving high standards of teaching, training, research and patient care and also to invoke scientific outlook to the knowledge of Ayurvedic System of Medicine.

Background of 3rd National Conference on Cancer

In 2020, there were 2.3 million women diagnosed with breast cancer and 685000 deaths globally. As of the end of 2020, there were 7.8 million women alive who were diagnosed with breast cancer in the past 5 years, making it the world's most prevalent cancer.

Ayurveda is store of medicine. Ayurvedic physicians are providing clinical services for cancer patients across the India, but most of the physicians and students of Ayurveda feel lack of exposure and confidence in cancer therapy.

1st & 2nd National Conference on Cancer was organized in our institute in January 2018 & September 2019 respectively, where the eminent Ayurveda practitioners providing Cancer care had delivered key note address. The 1st & 2nd National Conference on Cancer has given the capital building to the physician, Researcher and students to strengthen their skill in practice and research. Institute is running 'Cancer Consultation & Treatment Unit' by using these experiences. Our team of physicians/surgeons has consulted near about 800 patients of cancer in last two years.

Keeping this fact in mind, 3rd National Conference on Cancer 2022 is planned to give the Clinical Integrated Approach on Breast Cancer by expert & eminent senior physicians of Modern Medicine & Ayurveda.

Aims & Objectives

- To share the knowledge and information about Integrated Clinical Approach on Breast Cancer
- To enhance the clinical experiences regarding Anti-Cancer Therapy on Breast Cancer in Ayurveda.
- To discuss on evidence based clinical practices on Breast Cancer by eminent senior practitioners of India.
