Prof. Sanjeev Sharma,  
Director cum Vice Chancellor(I/c)  
National Institute of Ayurveda,  
Rajasthan

**Subject: Global Digital Health Summit, Expo & Innovation Awards**

Dear Prof. Sharma,  
Namaste

I am writing this to invite the faculty and students to join this important Global Digital Health Summit being hosted in India. We are going to discuss the developments in digital health, technology adoption by doctors, how and where to start, and the ROI in investments in Digital Health. We have realised that healthcare will have to incorporate technology, and we cannot leave technology to IT professionals. Each of us will have to understand the basics of technology and where it can be used, what is the roadmap for successful deployment and to maximise the return on investment. I have requested the world's top leaders to help us understand various dimensions of technology and what we can do immediately and in the next 1-2 years. By 2025, those not using technology will be out of sync with the healthcare requirements and the patients' demands, leading to a crisis of relevance and existence.

I encourage you to look at the summit website and share this on the notice board and with the alumni association. We are sure participants will learn from the experts' experience who deployed digital health, understand the plan of the government of India for digital health and interact with critical leaders through sessions which are specially curated for you to seek answers directly from these global leaders.

Attendees will be entitled to complimentary lifetime membership of the 'Digital Health Professionals Coalition' and a certificate of participation at the summit.

I am sure the investment of two days will make your students and faculty future-ready and open new frontiers for medical practice and professional growth. Join the Digital Health Movement, register at: <https://www.surveymonkey.com/r/GlobalHealthSummit> PN. Registration is subject to the availability of seats for each category.

Looking forward to your participation and meeting you at the Global Digital Health Summit, Expo & Innovation Awards on 28th & 29th October 2022, at Vigyan Bhawan, New Delhi.

With best regards  
Rajendra

Dr. Rajendra Pratap Gupta, PhD  
Chair- Organizing Committee  
Chairman- Dynamic Coalition on Digital Health, Internet Governance Forum  
Former Advisor to Health Minister, Government of India.
